Editorial Note

Mr. Soyielo P. Wetsah founded the Nagaland Childrens' Home fifty years ago by the grace of God. He had been faithful unto God until his last breath. All along, his wife, Kuduzülo-u was by his side.

The Home celebrates its Golden Jubilee with much Joy. The Home also celebrates the lives of both of them who are no more with us.

The home also salutes all the supervisor, Headmasters and teachers from way back till now. It is also proud of all the many alumni who have done well in life. Many had come and gone and yet their footprints remain.

The Home is eternally grateful to the Board of Directors who have ceaselessly guided the Home throughout its history and progress. The Home also deeply acknowledges the officials and well- wishers who have given messages and articles for the Jubilee Souvenir.

The present staff and faculty continue to give their best.

In the pursuit of the higher glory of God, the work continues.

As declared in the Home's motto "Love towards Humanity", the Home has come thus far faithfully, and as pledged in the Golden Jubilee theme "Serving Without Tiredness" the Home desire to strive on with God's blessing and mercy.

DIRECTOR'S NOTE

Ever since the founding of Nagaland Childrens' Home by some like-minded people belonging to different age groups and different sections of the society in the year 1972 with the motto **"Love Towards Humanity"**, The Home is working in some devoted issues of Child Development, Health & Nutrition, Environment, Education Development, Protection and Promotion of Rights of different vulnerable segments of the society in the state of Nagaland. Now, it gives us immense pleasure to be celebrating the Home's Jubilee a celebration much hoped for is finally here in the history of Nagaland Childrens' Home, which would be ever remembered. The event is meaningful in achieving milestones in the field of development with our own unique experience and expertise in implementing different development initiatives. This is only possible due to the hard work and commitment of our staff, volunteers and other individuals over the years directly or indirectly associated with our mission. We are very much thankful to them and delighted to present our achievements and thoughts through this note. Nagaland Childrens' Home believes that participatory approach of development and community participation at grassroots level is one of the keys for success of our activities. We would never forget the support and positive attitude of the community towards our programmes, and at this juncture I invite them to come closer and extend their full cooperation in the further development process that is meant for them. Financial constraint has always remained as a barrier to shape up many of our dream. However, due to the support of our well-wishers and members as well as different individual segments of the society, we are continually marching towards our vision and mission in a collaborative approach. At this juncture, we are very much thankful to the Government of India and Government of Nagaland for their ceaseless support in our work. We wish their support would continue in the days ahead also for supporting the stakeholders to witness a better tomorrow.

We can't thank enough all of those who have helped the Home over the years. May God bless them all abundantly.

Serving without Tiredness

A Note From CHAIRMAN'S DESK

It has been an unforgettable 40 years in the NCH set up from 1982 and till date as member Board of Directors as well as Board Chairman for several tenure. During these four decades of my personal association with NCH, I have seen how much Uncle Lt. S. P. Wetsah and his beloved wife aunty Mrs. Keduzulou Wetsah had struggled to carried over the burden and upheld the committed motto of the Home, "LOVE TOWARDS HUMANITY." I have seen how did the Home children has to undergo physical labor in all their free time , working in the fields as well as on daily wage earning for survival of the home. I have also seen many kindhearted and generous people willingly contributed both in terms of cash and kind to the NCH during the most critical times. It was amazing to see that there are still many good people around us in the world.

As the saying goes, "fortune favor the brave", and likewise, many Government agencies both Central & State as well as NGOs extended all help and assistance and helped developed the Home in many ways. It include Ministry of Tribal Affairs, Ministry of Women and Child Development-for working Women Hostel; Social Welfare Department, Government of Nagaland etc. Some of the prominent NGOs include CRDS (Comprehensive Rural Development

Services), Darogapathar, Dimapur under the leadership of Lt. Rev. Bizo Angami; World Vision of India under the program of Child-Care from 1974-1992, CASA (Church Auxiliary for Social Action) etc. Not only that the morale and prayer support extended by the NBCC, CBCC, CBC Diphupar , Diphupar Village Council and many other NGOs in Dimapur had been immensely valuable.

The parents of the Home had been generous and broadminded. Their spirit of hospitality was enormous that apart for the Home ,they shouldered all the needs of the Community at any point of time and continued till they left for their Heavenly home. The father Shri SP Wetsah, though not much educated had been very broadminded, determined, healthy and active. He was awarded with many awards & certificates by various Organizations . The mother Mrs. Keduu was hefty, smart, polite and ever smiling mother. It has been through their godly love and care, that many orphans from various States of NER have become responsible citizen of the Society. Inspite of many difficulties and hard ships, they had been very faithful to their people, to their calling and in the service of the Lord, God. As per the record, this NCH is one of the first

two Orphanage Homes established in Nagaland. I did see how they tirelessly worked and maintained the home. The mother of the Home was exceptional in many ways. She worked day and night like a bulldozer. Every time I visited the Home, I enjoyed her hospitality and special spirit of willingness to serve the underprivileged people. Very generous woman indeed. While looking forward to celebrate Golden Jubilee 2022, she was suddenly called to her heavenly on 20/12/2021. We have no complaint because God's way is always better.

On this auspicious occasion I cannot but recalled the selfless contribution of Lt. Shri Niechulo Kreo, the then Project Officer of CRDS. He was a member of Board of Directors as well as Chairman for many consecutive years. It was he, who had enabled many Projects to the Home and diversified the Home activities towards many self-sustaining Programs. He had rescued the Home in the most critical times through various ways and means. Secondly, I also appreciate

the sincere contribution of Lt. Kachuno Nuh, who had voluntarily joined NCH on his returned from Mumbai after Law studies and served as Headmaster of Christian Mission School cum Superintendent Nagaland Children Home (1980-1985). May God bless their wives and children. Though both of them are no more, I salute them sincerely, on behalf of the NCH during this Celebration of Golden Jubilee for their unforgettable contribution. Though I may not be able to name it all, our gratitude also goes to all the former staff of both the Home and school for their total

dedication. Further, no less thanks and gratitude goes to all the Board of Directors starting from Mr. Melhite Kenye, the first Board Chairman and all the former Board members including the present members, whose sacrificial contribution towards the growth of both the Home as well the School has been overwhelming and most valuable.

On this day as I look back the 50 years history of NCH, it's no less than a small miracle of God and manifestation of His faithfulness to those who trust in Him. Though, the founder parents are no more, I'm hopeful that their children and grand children will carry on the legacy sincerely through the blessing of well wishers and under the guidance of able leadership of NCH Board of Directors. Presently the Christian Mission Higher Secondary School is headed by Mr. Pintu Bag as Principal, and Shri Kolhi Wetsah, the second middle son of Lt. S. P. Wetsah is looking after the NCH as Director. May God continue to help them with wisdom and dedication.

I sincerely conclude my noting with the word of God from Galatians 6:9. "Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up".

May God Bless us all.

Greetings

It gives me immense pleasure to know that Nagaland Children's Home is going to publish a souvenir to commemorate the grand occasion of celebrating Golden Jubilee in serving humanity.

The establishment of this home since 1972 has enriched the lives of thousands in dire need for a better life and continues to do so in their journey of love, compassion and hope. It began with the personal life journey of late SP Wetsah who discovered a profound desire in his heart to serve the less fortunate fellow beings born in today's world.

Therefore He along with his wife late Kedu-u Wetsah embarked a pioneering mission in the State of Nagaland and founded the Nagaland Children Home NCH which is the first of its kind to successfully serve humanity for half a century today, and this legacy must be continued to be shouldered by their ensuing generation.

I wish the management and all members of the NCH a grant success and the choicest blessings of the almighty God on this auspicious occasion.

Golden Jubilee *Serving without Tiredness*

Greetings

I am immensely delighted to know that the Nagaland Children's Home (Orphanage) Diphupar, Dimapur, is celebrating its Golden Jubilee. I feel honoured to be part of this celebration through this short message to be published in the Jubilee Souvenir. Achieving 50 years milestone of this Orphanage is indeed a great achievement and noble service to Humanity, as the motto of this institution aptly reads as, "Love Towards Humanity".

Orphanage which is the last hope of an orphaned child where he/she can get a home, love, friends and someone to take care of them or from where they can be adopted and get a new family, where they can have a hope of having a good secure future.

All children, particularly orphans, need a safe place to grow. Caring for orphans and nurturing them with basics like food, clean clothes and access to education, increase the likelihood of them becoming positive members of society.

I am glad that the Nagaland Children's Home has done a yeoman service to our society by caring for the downtrodden and lonely children.

I once again convey my heartiest congratulations to the management of orphanage home on completion of 50 meaningful years in the service of humanity.

Greetings

A father to the fatherless, a defender of widows, is God in his holy dwelling (Psalm 68:5) On behalf of the Nagaland Baptist Church Council, I bring greeting to the NAGALAND CHILDREN'S HOME on the occasion of the Golden Jubilee celebration. The ministry has catered to the need of the children who are fatherless and motherless for this long, giving them home and acceptance. Building lives and caring for the vulnerable and the most neglected section of the people in the society is a high calling, God has placed in the lives of those who dedicated themselves. This ministry is a commendable ministry only possible for those who possess a big heart.

Statistics records that there are an estimated 143 million children who are orphans or are in a critical care of someone. Yes, it's a big number. Ministry like Children's home is God given institution to reach out to those who are left behind by their parents. As you celebrate your ministry, may your story recount the lives you have built and the blessings God has laid upon the pioneers. As you count your blessings, your stories will inspire people of the commitment and dedication with which you have invested in the ministry.

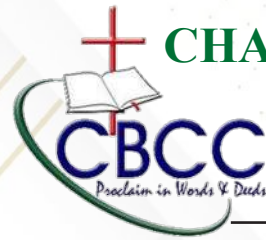

Because God cares about orphans, it makes sense that we should too. The Bible tells us to love one another as He loves us, (John 13:34-35) and that includes everyone. God seems to have a special fondness for orphans and widows simply because they are the most vulnerable among us. A society is only as strong as its weakest and most vulnerable, so making the case that orphans deserve our attention and care is easy to do.

May your celebration honor the pioneers who have laid the foundation and give all glory to God for His faithfulness and sustaining power. We are His hands and His feet—we represent Jesus in the world (2 Corinthians 5:20). He sends us into the world as an extension of His care and love for the orphan. There is little doubt that all of us can, and should, do something to help those who are fatherless and in need of parental love and support. May your motto ever stand true: "Love towards Humanity"

The LORD watches over the foreigner and sustains the fatherless and the widow, but he frustrates the ways of the wicked (Psalm 146: 9).

Greetings

On behalf of the Chakhesang Baptist Church Council, I extend warm greetings to the Nagaland Children Home, Diphupar `A', Dimapur, Nagaland as they celebrate Golden Jubilee on 5th March 2022. I also express sincere gratitude and appreciation to the founding members specially the founder and proprietor Mr. & Mrs. S.P. Wetsah, a native of Chizami village who were the driving force behind the formation and development of this Nagaland Children's Home, one of the first orphanage homes being established in Nagaland. I also congratulate the present management team and all the well-wishers as you tirelessly engaged yourselves in this noble venture to comfort, provide and protect the orphans; giving them hope for brighter future tomorrow.

The Nagaland Children Home as an orphanage must have weathered through untold hardships and miseries in its 50 years journey. Therefore, this is a proud and fulfilling moment not only for the orphanage but for the whole community. This is not the end; this noble journey will continue, and I wish the very best as this orphanage continue to serves as a place of refuge and hope for the innocent souls.

May the celebration be a grand success and God's name be glorified!

Greetings

15th January 2022

It gives me immense joy and feeling of belongingness to have received an invitation to write greetings when the Nagaland Children's Home is going to bring out a Souvenir in commemoration with the Golden Jubilee celebration to be held on 5th March 2022.

The Motto: "Love Towards Humanity" surely expresses a philanthropical concerns that qualifies the divine requirement of what the Lord Jesus stated to let little children come to him (Matt.19:14), and the Apostle James wrote in his letter saying, "To care for the orphans and widows in their distress, and to keep oneself unstained by the world" (James 1:27).

The Nagaland Children Home deserves the highest appreciation for the good work done in not only providing food, clothing and shelter to those tens and thousands of needy children in the past and now, but tremendously extending benevolent services towards human resource development by way of giving Education and raising them to become leaders and good citizens of our society.

The one who gave such vision and co-laborers in the process may greatly be blessed by the Lord and our continued prayer is that the Almighty will increase Children Home and School as we remain to hope for higher heights!

Children are a blessing and a gift from the Lord." Psalm 127:3. On this auspicious occasion it gives us immense pleasure to congratulate everyone associated with 'Nagaland Children's Home' in completing fifty years of excellence in building love and compassion towards mankind. As our Nobel Peace Prize laureate His Holiness the 14th Dalai Lama said "Love and compassion are necessities and not luxuries, without them humanity cannot survive." So your organisation is indeed an instrument in building love, compassion and peace to these precious children of God. Jesus had said "Let the children come to me, and do not hinder them for the kingdom of heaven belongs to such as these." Mathews 19:14

10th December 2021

I am pleased to know that Christian Mission Higher Secondary School, Diphupar has successfully reached 50 years in its journey in imparting quality education and that a souvenir is being brought out to mark the occasion.

The bygone years indicate the tireless efforts of the management to bring up the school from a humble beginning to this level. I congratulate the pioneers and the school management for their vision in imparting meaningful learning experiences to the students of Diphupar and surrounding areas. It gives me great pleasure to say that the school is where it is now only because of the spirit of collaboration and mutual respect among the staff and students which is very imperative for the growth of a school.

It is indeed a time to rejoice and a time to appreciate God's grace in keeping the school strong and united. Let this jubilee be an occasion to introspect and learn from the rich experiences of the past fifty years and march forward to achieve greater heights. I am optimistic that the school will become an institution of excellence in the days to come.

I convey my best wishes to the management, faculty, students and alumni of the school and wish the celebration a grand success

Greetings

It is a great pleasure for me to be a part of the celebration of Christian Mission Higher Secondary School, 4th Mile Diphupar, Dimapur 50th Year of productivity and making impact in the society.

On this auspicious and special occasion, I congratulate the school for being steadfast in transforming children into disciplined and compassionate individuals. The holistic growth of the students has been possible only because of the persistent efforts and sacrifices made by the teachers and many individuals committed to bringing the children to the then Nagaland Childrens' Home School.

As you embark on a new chapter, I wish and pray that this School will groom the students in taking up positions as future leaders moulded in the gracious hands of teachers.

I wish the Golden Jubilee Celebration a grand success.

Message from the Principal

Education is the manifestation of the perfection already in man'. Swami Vivekananda

Jubilees are occasions to be celebrated, to recall the marvelous ways in which the school has fulfilled its mission in imparting education, moral and spiritual values and discipline, to help build leaders who will bring about a culture of peace and prosperity and to reflect on the past achievements of the school as well as introspect on the preparations to meet the challenges that lies ahead.

Christian Mission Higher Secondary School celebrates its Golden Jubilee on 5 March 2022. It was established in the year 1972 by late Soyielo P. Wetsah as "Nagaland Childrens' Home". As the motto "Knowledge, Love, Service" his main aim was to educate and motivate the orphanage children. In the year 1991 the school was renamed to Christian Mission High School and later in 2015 it was upgraded to Higher Secondary School. At present we have thirty staffs and around five hundred thirty one students.

The festive included a plethora of exciting events spread over the year, making it one of the most festive and memorable period in the history of the school. For a period of five decades, the school has been unfailingly integrated and empowered its students to rise against all odds. Our alumni have excelled in various fields, many of them being very successful in varied paths of life.

My humble prayer to God is to help and guide every students passing through this school to go out with a transformed heart and an inquisitive mind and to remember the values taught from this school and keep the Christian Mission banner flying high in the world.

Message

First of all let me thank God for the opportunity. He had given me to be associated with this great institution named CHRISTIAN MISSION SCHOOL (CMS) from 1998 — 2012. When I recall the long 15 years I had spent in CMS my heart overflows with joy and gratitude for I have watched its gradual growth.

My hats off to all the members of the CMS family for recalling its history and celebrating worthily the 50 glorious and fruitful years of God's blessings on it. My wish and prayer is that CMS fulfills in deed and carry forward the vision and ideals of its founder **LATE SOYIELO P WETSAH** and it produces more and more men and women who work for others specially the poor and the downtrodden.

May God be with all those who work for the betterment of this institution.

Autobiographical Sketch of S.P WETSAH

1. THE FOUNDER- ORGANISER

I was born on May (most probably on the 25th May 1931) to Mr. Kekhwetso and Zutsonyi-u Wetsah at Chizami village of Phek district, Nagaland. Name Soyelo Wetsah, I came to be known also as S.P. Wetsah, especially for official purposes. I belong to a tribal community called Chakhesang . In the historical account of J.H. Hutton in his work, "The Angami Naga" the name of my native village is called Khezhabama. Some Angamis of my age or of older age refer to Chizami as Khezhabama.

I was born in a non- Christian family and was raised in such background till the age of 15 when I decided to become a Christian. Thanks to the broad mindedness of my parents I could join the lower primary school run in our village in 1940. However the school was closed in 1943 on account of the World War II, the effect of which did not spare Nagaland. The school came to be occupied by the Soldiers of the allied army. Then in 1944, the Japanese Imperial Army occupied the village and burned it down. This was followed by heavy air raids by the Allied Forces in attempt to flushed out the Japanese warriors. This led to the total destruction of the village.

In January 1945, a school was opened again in

which I got enrolled. When I became Christian in January 1945, I was banished from home. I lived like an orphaned would, till 1949. In the last part of October 1949, my parents became Christian themselves and we reunited as a family.

In 1951, I joined the government M.E. School in Pfutsero but discontinued in the event of my mother's death in 1952. Then in 1954, I joined the government High School, Kohimato resume my studies, when the Naga Freedom movement became more intense in 1956 and the Naga National Army occupied Kohima town, consequently cutting all means of communication. So I returned to my native village. The situation remained tense till 1957.

In January 1958, I was among the elderly and educated Nagas selected from various tribes by the government of India to meet the Prime Minister Jawaharlal Nehru and President Dr. Rajendra Prasad. We met the former at his office as well as at his residence while the later at his office only. After returning home, I joined St. Anthony's at Shillong in February 1958. There I met the Assam Chief Minister B.P. Chaliha in October 1959. I was privileged to be chosen joint secretary of the Chakhesang Student Union for the tenure 1959-1960.

I discontinued my studies in 1960 and looked for ways to be a service to my community. In 1961, I married Kedu-u, daughter of Ethsulhi Lasuh. We decided to go where we felt our help would be needed. In November and December the same year I went and stayed in Mon town, asking elders where our presence and help would be most valuable. So one Loktun Waoshu advised me to go to Shangnyu, the oldest Konyak village, where people still live half naked, lived on wild fruits for sustenance and were still mighty head-hunters. However, the act of head-hunting was not done as openly as earlier days. The traditional chief "Angh" called Ato ruled the village.

On the third of January 1962 I set out from Chizami with my young wife, my sister Eyietsulo-u and one cousin Kedulhipe. We reached Mon-Tuesang district 5 days later. We started our works right ways at Shagnyu village and seven other villages, which were, protected village of its Angh. They were Longpho, Ngasia, Zakhu, Sgangtin, Nogzan and Lapa. The village were on the borders of Arunachal Pradesh (Indis) and Burma (Mayanmar)

My wife work with a group of women on maternity and family welfare, village sanitation and child care, while my sister Eyietsulo-u worked at in a school. I got involved with village elders on administration, economic upliftment and village welfare organisation

. At that point of time, the deaths were not buried: trophies of head hunting such as heads and hands of the slain were kept for decoration in the "Morungs" (boys dormitories) and the Anghs house,

Agricultural products were so meager because of which we organized the eight villages to start a farm in Tizit valley. On the appointed day, three thousand strong men from these villages reached the 250-300 acres of land and worked on it for four days consecutively. The effort resulted in clearing an 400-500 acres of virgin forest. However, the Government authorities became wary and suspicious of our motives because the Naga National Movement was very strong in other parts of the Naga-inhabited areas. My family and relatives were ordered to leave the place immediately and we did so within the following 24 hours.

Later, that same year, after the Christmas celebration, I was called to join the Naga Freedom Movement to which I agreed. In March 1963, I was elected the Joint Secretary of the Naga Army Organization, Federal Government of Nagaland. That very same year, when the Chief Minister of Nagaland P. Shilu Ao was in Chakhesang area, I asked the Adjutant General Makhen, Chairman of the Naga Army Organisation, if we should meet the former because he too was a Naga leader in anyway. My superior said it would be okay, and so I

made an arrangement to meet him at Chizami but failed to do so in final stage because the CRPF personals came to know about the arrangement and ensure that we could not meet Shilu Ao.

During my many journey as freedom fighter, I had been to (Bangladesh) then call East Pakistan, through Southern Manipur, Chin Hills and Chittagong Hills Tract in January 1964. After an intensive training in East Pakistan now Bangladesh for a short period, we started for and reached Nagaland in April. In the meantime, we learned that Rev. Michael Scott had already reached Kohima to broker peace between India and the Naga Freedom Fighters. Many consultative meetings were held after reaching Nagaland. Subsequently, being still very young and energetic, I was sent to Peace Camp Chedema, to bring some news to our camp.

On September 4, 1964, Chizami my nativity, Enhulumi (also simultaneously called Pfutsemi or Yoseba then) village and Mesulumi village were burnt down by the CRPF Personal and many villagers were either tortured to death or shot dead by the same force.

In 1965, I was transferred to Civil section and sent to Hongkong state as one minister (Kilonser) Advisor and Corresponding Secretary. Holding this very post, I traveled to Myanmar, Khamnungan region, Konyak, Ao, Lotha, Sangtam, Yimchunger, Sumi (Sema), Angami, Poumai, Thangkhul and Zeliang regions besides others.

During these journeys I encountered orphans, children and women folk suffering and in need of help, care and protection. As mentioned in chapter 1, These encounters changed my perspective and mission of life for good.

2. THE FOUNDER-ORGANISER'S FAMILY.

3. THE BEGINNING

The founding of the Nagaland Childrens Home was a result of prayers and many journeys I undertook in various Naga-inhabited place/ areas during the 1960s. I was involved in the Naga Freedom movement with great conviction till so many encounters with helpless, starving and destitute fellow-Nagas who made me realized that my priority must be to look after such unfortunate fellow- beings. I could not stop it burnt like flame in my heart.

God made all human beings equal important in his sight. But humans became selfish and began to ignore the less fortunate. In the past, tribal communities had relatives to look after the destitute, but by the time the realization dawn upon me, I found the fatherless and the poor being neglected. Besides, there were so many people lost in the darkness of ignorance. I realized the truth of each person's responsibility to see to the survival of another fellow- being.

Consequently, with prayers in my heart, I left the

Naga Freedom movement to start a venture in the humanitarian service dedicated to the poor, destitute children and downtrodden women. This resulted in the formation of Nagaland Childrens' Home in 1972, with the motto, "LOVE TOWARDS HUMANITY".

The home got registered as a society under the Indian Society Act 1860 (Act XXI of 1860) bearing registration number 636 dated March 6, 1972, and under Nagaland first Amendment 1969 Act R.S. 78 dated November 28, 1975. The Home also got registered under Foreign Contribution Registration Act, Ministry of Home Affairs FCRA number 164730004 dated February 11, 1985.

The Home as society formulated certain aims and objectives, some of which are stated below:-

- a) To render welfare service to the poor, the needy, the destitute and the orphans among the backward tribal people of North Eastern Indian states.
- b) To give educational and vocational trainings to the select target group mentioned above, to help them become self reliant and self supporting.
- c) To create a congenial atmosphere for physical, psychological, spiritual and moral growth through Christian education, subsequently making the beneficiaries responsible and faithful citizen of the country.

I am glad to state that ever since its inception, the

management of the Nagaland Childrens' Home has been devotedly working with the aforementioned objectives as priorities of the first order.

While I prepare myself and got to primary organizing, God moved the heart of the people. they began to support me morally and in every other possible way. The department of Social Security and Welfare, Government of Nagaland came to my rescue, and has been of so much help to the Home since then. Various Church Leaders and church organization became prayer partners throughout the world. Besides, many societies from India and abroad began aiding the Home in various ways. World Vision of India has been one of the strongest support.

4. THE GROWTH OF THE HOME

It is with joy that I state that the Nagaland Children's Home has been growing from strength to strength and thanks to support and friends and well wishers in the form of prayers and contributions in kind and as well as cash. Over the years, the Home has been conducting various trainings for the benefit of the inmates.

Some features that will indicate the growth of the Home are enumerated below:-

I. SCHOOL EDUCATION:- The management of the Home runs a school recognized by the Govt. of Nagaland. The school has classes from nursery to class-x.

II. HOSTEL:- The Home has hostel facilities for both

boys and girls, giving free accommodation, food and various trainings.

III. AGRICULTURAL ACTIVITIES:- Agricultural activities are undertaken for the additional means of income to support the inmates at the Home. Such activities are conducted also with the intention to train them to have alternative source of income.

IV. FISHERIES:- The Home owns a few fishery ponds to train inmates in rearing fish and also to improve the diet of the inmates.

V. DAIRY FARM:- One Dairy Farm has been established for demonstration and to impart training classes to the inmates. The farm also generate and alternative source of income for the management of the Home.

VI. WOMEN WELFARE ACTIVITIES:- The organization has also undertaken Woman Welfare Programmes, particularly for destitute woman and school dropouts. Vocational Trainings in Knitting, Weaving and Tailoring are imparted. Such trainings imparted solely for the tribal backwards and destitute woman of the North Eastern Region of India.

VII. PIGGERY:- The Home runs piggery to train the inmates to start their own or to supervise others when they leave the Home after being satisfactorily imparted with education.

5. SOME ACHIEVEMENTS.

So far, through the support of friends and well-wishers and through the trainings activities that have been held in the Home over the years, more than 3000 inmates have been benefited. Most among these beneficiaries have been nurtured and taught in the Home from their early childhood to late adolescent days. Besides the home today owns property both moveable and immovable. As mentioned in the previous chapter, The organization owns land, piggery, dairy farm, fisheries, paddy field, school buildings and hostel buildings, it is with great happiness that I give a brief account of what some inmates of the Home have become later in their lives. Nchogo (doctorate in Archeology) a western Rengma from Assam is now a lecturer in Govt. collage, Zunheboto, Nagaland University.

Masheto a Western Rengma from Assam finished his B.Com. and is now with Nagaland State Co-operative bank in Dimapur.

Kaikho Mao, a Mao Naga from Manipur state also finished his B.Com. And is now a cashier with Baroda Bank, Dimapur Branch.

Gyan Basumatery finished his M.A from N.E.H.U. and is serving as an Area Co-ordinator of World Vision of India, now pasturing in Methodist church, Guwahati.

Remha finished his B.Th. and is now working as a hostel Superintendent with World Vision of India in

Arunachal Pradesh.

Wekose Lasuh from Chizami finished his graduation and has been the Superintendent of Nagaland Children's Home for the last few years.

Nuvolhu Chakhesang finished his M.A. and is now actively involved in the Nagaland State Politics.

Yato from Arunachal Pradesh is now an Evangelist.

Bigo Doke did his G.Th. Served as Pastor in Itanagar, Arunachal Pradesh, presently he is executive secretary, Adi Galo Baptist churches association.

Kholi Mao finished his graduation and is now a flourishing businessman in Small Scale Industries at Mao gate, Manipur.

Dr. Lokho is serving at Bethel hospital, Kohima.

There are so many others who are doing well in life today. But the account of such achievements will be stopped here owing to Time and space constraints. Hopefully, A booklet a lengthy account in the same matter will be brought out In the near future.

Since 1972, I have been through experiences that have enriched me and directly or indirectly contributed to the achievements of the Home. These experiences have been sources of encouragement, vision and further motivation for the tasks that lay ahead of me. I was encouraged and called to attend several meetings at regional as well as national levels. Some such ventures are narrated in the following lines.

I had the fortune to attend research trainings and consultation meetings in the field of public co-operation and child development at the national and international levels. The venues being Delhi, Kolkata, Chennai (Madras), Gangtok, Guwahati and Shillong. Being a founder member of the Family Planning Association of India, Nagaland Branch, I represented the same organization to Bhopal. I was member of the Nagaland State Social Welfare Advisory Board for five consecutive times since 1973, I was also a founding member of the Council of Child Welfare, Nagaland which led me to meeting various officers and political leaders such as Indira Gandhi, 22 Nov. 1975. Morarji Desai, Margeret Alva (Union Minister for Women Welfare and Child Development), P.K. Thungon (Union Deputy Minister for Supply and Rehabilitation), Ghulam Nabi Azad (M.P. Youth Congress President), R.C. Chiten Jamir (Member, Commission SC/ST, New Delhi, Dr. Badal Sen Gupta of Germany, Bon.

I have also been fortunate to visit Jerusalem and other places in the Holy Land, Rome City, Vatican, Los Angeles and California where I saw a home for the aged. All these experiences have encouraged me all the more to see to the achievements of the Home.

Awards:

1. Nagaland Social Service Award: The Department of Social Security & Welfare, Government of Nagaland awarded certificate of social service Award to Mr. S.P. Wetsah, chief organizer,

Nagaland Children's Home, Diphupar on 5th June 1998 in recognition of outstanding contribution made by him for the cause of orphan and destitute childrens.

2. Bharat Excellence Award: The Friendship Forum of India (FFI) Presented Bharat Excellence Award to Mr. S.P.Wetsah "For his outstanding services achievement and contributions at a siminar on Economic growth & National Unity, at New Delhi.

This award was conferred on the 25th april 2008 by Dr.Raghuvansh Prasad Singh, Hon'ble Union Minister for Rural Development.

S.P.Wetsah is currently the interim President of Federation of Indigenous and Tribal peoples in Asia (FITPA). The FITPA is recognized by the United Nations Permanent Forum on Indigenous issues, division of social policy and development, department of economic and social affairs (UN).

6. HOPE FOR THE FUTURE

The Nagaland Children's Home has been a source of great hope and joy to thousands of people, if the direct beneficiaries have been just more then 3,500 in the past. It continues to be a resort, which the needy, the poor and the destitute seek. It must, based on its aim and objectives, continue to b a source of hope to those in need no matter in whatever nature of needs.

Based on the achievement made so far by the Home, I expressed my genuine hope that it will continue to be a torchbearer for the destitute and others in dire plights. I believe that it will continue to be a channel of blessings.

It is also my statement of faith that friends and well-wishers will continue to support the Home through prayers, Moral encouragements and contributions in cash and kind. Such gesture will definitely keep the fire of hope burning, which is the sole reason for the existence of the Home.

CHRONICLE OF NAGALAND CHILDRENS' HOME

The NAGALAND CHILDRENS' HOME is established in the year 1972 with 32 inmates, came from different parts of Nagaland. The founder late Mr.S.P. Wetsah and his wife Mrs. Keduzulo-u (Kedu-u) started the Home with faith in God, prayers and with the help of well-wishers who helped the Home in various ways. In the meantime many people came forward and extended helped physically, materially, spiritually, financially.

One of the many unforgettable events.

In the Nineteen seventies, A boy whose name was Mongolia (Nepali) was brought to the Home by late S.P. Wetsah himself from Dimapur Town with fractured/broken limbs. The boy never knew his parents and village. He was kept there for begging and crying. By then someone took his money. There was no one to take care of him, So late S.P. Wetsah enquired about the parents of the boy because there was no one to take care of the boy. He felt pity on him and brought him at NCH. The boy stayed for more than three years and died unfortunately.

HOME ANTHEM

1. Once I was left alone;
I was searching for shelter,
Now I have found a nice Home.

*Chorus:- Fatherless, Motherless, Brother and sisterless
Yet God Brought me here to be this in this home
May God bless this home forever and ever .*

2. Once I was so helpless;
No food nor drink nor clothing
Through some one God brought me here.

3. The pure religion is ;
To visit and please the poor
Not to be served but to serve.

Poultry Farm

Working Women Hostel : Under ministry of Women and Child Development the working women hostel was constructed.

MCC: Matric Condensed Course was conducted from 1974-76, sponsored by Central Social Welfare Department.

LOVE TOWARDS HUMANITY: More than 3500 benefitted since the inception of the home. Many children had been benefitted through NCH. From 1972-2021, more than 3500 children had been benefitted who are now serving in various ways and

departments in the Northeastern States of India. Late Rev. Longri was one of the pioneer in the early stage of NCH who inspired late S.P. Wetsah to find out the Motto of the Home, "LOVE TOWARDS HUMANITY".

To bring up children is not an easy task, however we tried our best to balance the physical, academics and spiritual aspect of the children for an all round development. It was a great challenge for the founders and the staffs but God has helped us throughout our struggles/efforts. Many people sacrificed themselves for the cause of children particularly staff involved in NCH from beginning to till date. The achievements are possible through the involvements and help of staff in different time and occasions. May God bless the Home!

History of

CHRISTIAN MISSION HIGHER SECONDARY SCHOOL

Nagaland Childrens' Home School was established in the year 1972 with the motto "Love Towards Humanity" by Late Mr. S.P. Wetsah the proprietor of the school and later in 1973 it was recognized by Education Department, Directorate, Government of Nagaland.

The school which is a non – profit institute for the poor children from nursery stage upward. The school grounded in the biblical Christian faith is part and partial of the home. The projects strive to build lives which will reflect both culture and character to inspire a spirit of service which will honour and fear the creator of all and benefit the man, every child in the home shall compulsorily attend to his/her school education.

Nagaland Childrens' Home School was permitted to run class 9 in the academic year 1984 and class 10 in 1985 by Mr. K. Peseye (Director of Education Nagaland Kohima).

In the year 1991 January 16th the nomenclature

Nagaland Childrens' Home School was changed to Christian Mission School Diphupar with the motto "knowledge Love Serve".

And in the year 1993 March 15th class 9 and 10 was temporarily suspended due to unavoidable circumstances.

Later in 1998 to 2012 contract was given to Mr. V.J. Varkey for 15 years to run the school. It was a turning point for the institution. Under the head-mastership of Mr. V.J. Varkey the school saw tremendous increase in its enrollment and also produced excellent result every year. The year 2006 can be marked as a year of blessings for it changed the fate of the school. It was when Ms. Aienla Longchar broke the record of the school by securing the top 7 with 88.50% in the HSLC examination result 2006. Since then, there was no turning back in bringing forth good result with good passed percentage of students every academic year.

In 2013, the family took over the institute and

was run by the youngest son of Late S.P. Wetsah Mr. Daniel Wetsah. On 1st May 2015 the school was upgraded to higher secondary level, Inaugurated by Shri Yitachu Parliamentary Secretary for School Education Government of Nagaland with Mr. Daniel Wetsah as the Administrator and Mr. Imti as the principal of the school. In 2017 Mr. Vibizo was appointed as the principal but due to ill health he was compelled to resign from his post in the same year.

Then in 2018 Mr. Pintu Bag who is the present principal was appointed.

The school had a humble beginning with only 32 inmates and 13 staffs with Khotuo Angami as the teacher-in-charged. But by the grace of our Almighty God, presently we have around 531 student's community and 30 teaching and non- teaching staffs in our school.

Alumni Testimonial

It is my privilege to share my joy with you as Christian Mission Higher Secondary School, Diphupar, celebrates 50 years of its dedicated service of imparting value-based education to thousands of students. On this historic and joyous occasion, I extend my congratulations to the entire CMHSS family- the Management, the Staff, the Parents, the Students, the Alumni, and the Supportive Staff. It is indeed a cause for celebration of God's mercies that have carried the school from a humble but committed beginning to heights which all of us can be rightly proud of.

'A school is a building that has four walls with tomorrow inside. As a student and former faculty, I have seen first-hand the contributions it made, and continues to make, for our society. In all its years of service, CMHSS has continuously strived to help disadvantaged students and families get the education they deserve. This community service makes the school a large family, one where each member is valued and appreciated, and the school's academic records speak for itself. Every Jubilee celebration is no doubt, a time for rejoicing over achievements of the past. However, it is also a time of introspection and re-dedication, with a determination to give one's best to the institution. While I take this unique opportunity to wish the family of Christian Mission Higher Secondary a very happy Jubilee, I also wish and pray that you all work hand in hand to the motto of the school- Knowledge, Love, Serve.

I remain ever a well-wisher,

(Aienla Longchar)
Batch of 2006.

Alumni Testimonial

I thank God and I am indeed honored and grateful to be given this opportunity to share this short testimonial experience of my stay in Nagaland Childrens' Home (Orphanage), Diphupar, Dimapur.

I was there along with my two younger brothers Mr.Ngolanyi and Lt. Mr. Panyi Movi from 1980 - 1985, but my two younger brothers stayed there until 1989. When I first joined school, I did not know any other language except my mother tongue which made it difficult to communicate but eventually, I learned Nagamese, English, Khezha, Chokri and Angami.

I was fortunate enough to start my educational journey from this school which helped build my strong foundation and during my stay there in Nagaland Childrens' Home, I was blessed with knowledge and experiences which has molded me into the person that I am today and for which I will forever be grateful.

As far as my fond memories takes me back, Lt. Fr. Soyielo was indeed one of the most kind hearted and affectionate person that I have ever come across In my life and his presence will forever be cherished in my heart. I should say that I will always love and remember both Father and Mother for their selfless sacrifices and services that they have rendered towards the growth and upliftment of Children like Us.

We can notice in the society that Many parents cannot take the responsibility of even a single child but Nagaland Childrens' Home has parented more than thousands of children giving them the opportunity and the platform they needed to achieve their dreams which they could only think of and gave us a place that we could call HOME.

I will forever be thankful to Nagaland Childrens' Home for everything and May God always bless this family of ours abundantly.

Thank You

Mr. Sukho Movi

MY EXPERIENCE IN NAGALAND CHILDREN HOME

I was too young to understand the value of education when my father passed away early in my tender age; leaving a dozen siblings and a mother. I used to envy other children going to school, wearing new uniform and carrying colorful books every year. The chances of getting a decent education were bleak when the basic need of square meals was an everyday's struggle for my mother. Back in those days, there were hardly any organizations to help in meeting our family needs. But, my eldest brother's determination to give us basic education landed four of us; me, my younger brother and two nephews in Nagaland Children Home in the year 1985, where I spend my four years of childhood.

We struggled to get adjusted in the first initial months and even tried to run away several times; but, the authority patiently pursued us and kept us. As time passed by we learnt nagamese; made friends with fellow inmates and began to enjoy the "HOME" environment. The home was full of life! The first year was a fun year. The physical activities including

grazing grasses for cows feeds, exploring the vast Diphupar A & B area with lots of open spaces and fields, the sugarcane cultivation, the village Rice mills, the roaring Sugar mill, the churches and the hamlets... were all spot on ! A year on, I was promoted to the middle group, who assist the seniors in all activities and works. The seniors help and tutor the younger ones in studies and mentor them in other works. It was a short span of four years; but, very intense and formative years of my life and many fond memories of childhood to teenager!

NCH is a place where I developed my academic interest here. I was in my 3rd grade during a casual study time in the dormitory; Brother Jacob taught me Phonetic and eventually taught me how to read. He continued to be a big part of my learning for which I am always grateful to him. As I started reading, I developed a positive and competitive spirit in studies and tried to top the class in studies! The "study time,"

which were maintained very well and the “warden”, who made sure that all the students do their lessons and are punctual; all these were a treasure to us, children and I was lucky to tap all I could from the teachers. Apart from my academics, I also got to learn practical tips, valuable arts and skills.

The spiritual activities were other memorable, enriching, enjoyable experiences and molded us immensely. The morning devotion; an evening dinner fellowship with lots of singing and prayers; the singing to the tune of Jim Reeves; children’s favorite chorals; Bible memory recitation; the Lord’s Prayer; preaching practices and prayers; all of them were PRICELESS! We used to attend Diphupar Chakesang Baptist Church, where our foster parents (we fondly called Baba and Ama) used to attend. I got my water baptism from there, enjoyed ‘Special Children Bible Camp’ and got to participate in my first “Youth brigade” with undying memories of camping out, group discipline, the song and memory verse competition, Romans 12 etc. I was well fed spiritually while I was in NCH.

In 1988; I left the home due to my own personal reasons. But I carried with me the spiritual values I’ve learned from there, the enthusiasm in studies, the inspirations I caught and the zeal to achieve something in life. The period; 1985-88 were indeed very formative and significant years in my life.

I am grateful to God and the management of NCH for the positive feedings, the teachings to be a good student, the inculcation of spiritual values. The four year stay in the NCH was short; yet filled the gap in my childhood journey; the search of food, education and human love. Along the way, I got motivated towards medical studies and later choose to be a physician. Today, I can identify myself proudly that I am an alumni of NCH and align my profession through the theme of NCH, “Love Towards humanity.” May NCH continue to be blessings to many children who need love and affection, guidance and teachings!

I am ever grateful!

God bless NCH!

My brief testimony in **NAGALAND CHILDREN HOME**

Exactly in 1975, far away from my home, there was an orphanage home, popularly known as '**Nagaland Children Home**', which is a destitute home for fatherless and motherless children. Probably, this orphanage home was not only the foremost in Nagaland but entire country. I was then 8 years old in 1975 when my dad took me into this home in the month of January when winter was severely cold at night and left me for many years under the constant guidance, support, love and care from our godly send father late **S.P.Wetsah** and mother late **Keduzulou Wetsah**, founder and supervisor of this lovely home. Late **S.P.Wetsah** and his loving wife late **Keduzulou** was not an ordinary human beings but an extraordinary philanthropists walking on this earth. They have rendered selfless services and sacrifice their lives towards orphanage children in the North-East India. Their unfailing loving hearts and zeal never faltered despite of non-availability of fund from Govt., NGOs and individuals. Sometimes, our food provisions run dry but their faces never turned frown but always smile. Every morning and evening, our dining hall was

filled with hundreds children but we never slept without food for a single day.

Nagaland Childrens Home is not only a shelter for orphanage but an ideal educational and spiritual institution. I started my early formal educational journey from standard-2 onwards and learnt multi-disciplinary subjects from this institutional home. I studied in this home for seven pretty years (1975-81) with my great teachers to name a few like, Sir Paulos, Sir D.P.Singh, Sir Vechopra, Madam Nongbri etc. This home provides me not only food, clothing and shelter but builds my spiritual foundation through regular morning and evening chapel services. I learnt my Saviour Jesus Christ through the Bible messages and gospel songs in this home. I recollected the Bible messages and exhortation delivered by our father S.P.Wetsah, enthralled us through his powerful oratory speeches. Our father and mother often joined us in evening prayer meetings. At times, we used to be despair and frustrated in life but they enlightened us with their undaunted spirit from the gospel of Christ. Their miracle life testimony in the British Unadminis-

tered Areas (Eastern Nagas) exhorted and encouraged us to a large extent.

This home also provides co-curricular activities like, domestication of animals and rice cultivation. As an alumnus of Nagaland Childrens' Home, always love, dream and cherish this home forever. I have sweet memories about this home where we live together, play together, work together, eat together, study together and pray together. I was highly elated and appreciated to see the beauty of our **Baba** and **Ama** loves and affections, who treated us equally along with their own biological children. My biggest joy and happiness goes with their children who never ever misbehave or ill-treated us but regarded us as their own biological brothers and sisters. We lived under one roof with single family life's pattern, full of loves, compassions and affections from our **Baba** and **Ama**, which indicates their simplicity, selflessness, humbleness, purity of mind and thought.

Reminiscence of my long years stay in this home was re-captured to be just a single day life affairs. I really enjoyed staying and learning in this home as my own parental home. While I was studying in class II upto VIII standards, I was good in studies and received lots of love, affection, reputation not only from my great teachers and **Baba-Ama** but from all my brothers and sisters in the home. I was considered to be one of the brightest students in this home by our teachers, though in fact I was not; I recollected one day, Sir Vechopra, Headmaster, took me to Class- X room, and asked me to solve Al-

gebra on the board, so as to humiliate class-X students, while I was still in class-IV at that time, makes me unforgettable even to this day. He actually wanted to imply that an Algebra which can be easily solved by class-IV students cannot solve by class-X students. The magnitude of that spirit of studies haunted me and continues till my post-graduation and Ph.D research studies. This successful feat was possible through the blessings of our **Baba-Ama** and my great teachers in **Nagaland Children Home**. In this auspicious Golden Jubilee occasion, I wished to see the faces of our **Baba-Arna** but very sad and unfortunately that both of them are no longer with us today. However, I am not regretted by the fact that our **Baba-Ama** have done their herculean tasks towards humanity services while on this earth and their rewards from the Lord will not go in vain but crown with glory and rested with the Lord forever and ever. May the Almighty God showered his abundant and manifold blessings upon their loving children to complete the remaining task lies ahead!

In this joyous celebration of NCH Golden Jubilee (1972-2022) my special thanks and gratitude goes to our **Baba-Ama** and my teachers of Nagaland Children Home for their untiring love, affection and support to bring me up from this home and made me what I am today.
